Description

My name is Colby Lopez and I am proud to show my first ever Market Goat project named Parker at the Merced Fair this year. I purchased Parker from a breeder at the end of February from my town of Le Grand. As you can see, Parker is a large goat! Over 100 pounds! I have had to manage his diet carefully as he has always been on the larger side and needed more exercise and care with feed than other goats. I have learned a lot during the past several months taking care of Parker including how to manage his weight gain as well as how to show him.

I am graduating from Le Grand Elementary this week and am an incoming Freshmen to Le Grand High School. This is my first opportunity to show for Le Grand FFA and am sad that I can't actually show off Parker in the ring at the fair. I will use any money from Parker to purchase another goat for Merced Fair next year. Thank you for taking the time to read about me and Parker as well as supporting FFA and 4H members!
