Date of Reported Weight 09/09/2025

Show Placing Champion Market Goat

Sex Wether

Description

My Boer goat named Moe was born 01-03-2025 at Full Moon Farms in Lineboro Maryland. He will be over 110 lbs at auction time. He was easy to train and is provided daily walks. He eats from elevated feeders to provide more muscle tone in legs. He has been healthy without any issues.

This is my FIRST market project and I am excited! I have been on poultry team for 5 years and won Best In Show for my Buff Polish, Flower at Anne Arundel County Fair 2022. I am in 10th grade and attend Mount de Sales Academy in Catonsville. I am

looking forward to Moe earning top auction money. I plan to put any money earned towards donations for Kinder Farm Park 4H; next year's livestock market project and towards my college education.

Quantity: 104
