Description

Meet Dave, a spirited and silly 7-month-old Boer wether weighing in at a healthy 80 pounds. Dave is full of personality and energy, he loves nothing more than running around the pen with his sister, Daffodil, and keeping things lively.

Raised with care and experience, Dave has been on Formula of Champions GTO Turbo, giving him a solid nutritional foundation and great growth potential. He always has access to fresh, clean water, and has been handled regularly.

This is my 5th year showing goats, and Dave reflects the dedication and effort I put into every animal I raise. Whether you're looking to add an addition to your freezer or just want a fun, well-started project, Dave is a fantastic addition.

Don't miss out on this fun guy Dave would be a great addition to your herd or freezer
