FFA Chapter or 4H Club Name Atwater FFA

Validation Tag or Show reference# 1474

County Merced

City Atwater

Animal Weight (in Pounds) 80

Date of Reported Weight 06/01/2020

Description

My name is Kendall Borba, I am 15 years old and in the Atwater FFA Boer Goat and Dairy Program. This year I continued my SAE project of raising Boer Goats. Before FFA, I was involved with McSwain 4H, and began my project. It has most definitely been a complicated, stressful year. Through my SAE, I learned many valuable lessons, and have experienced new things. For many years, I've contributed to the growth of my family's local goat dairy. I stepped into cold water with bare feet, when getting involved with AHS. I really had no idea what to expect, but all-in-all I'm glad I put myself out there.

As a freshman, I didn't think I'd be this involved in high school. Currently, I'm in numerous clubs, programs, and sports. This year alone, I began Girl's Tennis and Soccer. I'm also a part of Atwater

High's Leadership Class, and heavily involved with school activities and community service. FFA is another huge passion of mine. Through Atwater's FFA program, I've stepped out of my comfort zone and began experiencing the true joys of being a member of the FFA. Through my involvement, I've realized the importance of responsibility and leadership, inside and out of the classroom. FFA has given me so many opportunities; such as, serving as a Greenhand officer, being a part of Atwater High's Parli Pro team and Soil/Land Judging team. I also began showcasing my SAE at Project Competition, this year I was recognized as a gold winner and Freshman Merit winner. Through my involvement I was also awarded the Star Greenhand Award. Next year I'm hoping to become a more involved and influential member.

With my profit after my expenses are paid, I am planning to use it for my college savings and for future FFA projects. I aspire to major in Animal Husbandry and Anatomy, the funds from my project(s), will benefit me in so many positive ways.
