Description

Meet Jack, Jack is a Hampshire that weighs 260 pounds. I decided to go with a pig this year because I raised swine last year and loved it. I raised Jack this year because the money I earn is going towards my college fund. I plan to go to the JC and transfer to a four-year college. This year was my last year showing for FFA and it was a lot of fun. My name is Nick Butticci, I am 18 years old and a senior at Merced High School. I am a part of the Merced High School FFA chapter. Throughout this year I have had a great time raising him, I have learned a lot of things throughout the year such as responsibility and caring for a different species. I have been going out to McSwain morning and night caring for my pig and spending about an hour each day with him, walking and bonding with him. It will be a super fun experience this year's online auction but sad at the same time to see my pig leave. I am going to be a freshman in college this coming year and I am excited to see what this next year has in store for me.
