Description

Hi my name is Brooklyn, I have been working with Mr. Goat since January to learn about agriculture. I have learned how to manage a budget. I have learned about keeping animals safe and healthy. This is my first 4H project, it has been a lot of fun taking care of my goat and I do hope to raise another 4H project. I am saving money for my education to become a teacher. I am also saving money for my eighth grade Washington DC trip to learn more about American government and history. I like goats because they have a lot of personality and are fun to work with. I hope you will consider purchasing my goat to help support my education and future 4H projects.
