Validation Tag or Show reference# 743

County San Joaquin

City Ripon

Animal Weight (in Pounds) 230

Date of Reported Weight 05/30/2020

Description

Hi, I am Landon Crawford with Ripon 4-H. I am 12 years old and going into the 7th grade at Weston Elementary. I am a football player for the Ripon Knights, a baseball player with Ripon Little League and I also am a wrestler for the Ripon Tribe. I really enjoy wake surfing, riding bikes, fishing and spending time with my family.

This is my third year raising a pig with Ripon 4-H. I purchased my pig on Feb 2nd. I picked Milky Way all on my own because she had all you want in a pig and my dad agreed who is also our 4-H leader. That day we brought her to her new home at the Ripon School Farm with the rest of the Ripon 4-H pigs. Within that week I had taught her and my sisters pig to sit like a dog. I also spent time teaching her to trust me and walk with the whip. However on March 13th Everything changed! School was cancelled, I didn't get to go to my wrestling championship match, baseball cancelled and I couldn't spend time with my friends. This was a challenge for visiting Milky Way

at the school farm as well due to the strict requirements to be able to feed, work and clean her. Milky Way was free feed with Show 100 finisher until it was time to manage her gain which I did by dropping her back to only 6 pounds of feed per day. I decided this year not to give her supplements because she has a very good structure with the perfect amount of muscle and fat. Even though this year was challenging I am confident Milky Way would have done great in both shows. I would be so grateful if you would bid on my pig! She will make lots of amazing meals for your family.
