Description

This

Hi my name is hayden Souza and I'm in 8th grade. This year I am showing a ewe lamb for Stoneridge Christian FFA. This ewe lamb was breed by Farao Club lambs. She was born in early October. The ewe weights 135lbs. She's a super solid long loined lamb. The ewe has a nice square body. She is very correct in her leg and hip structure. She would be a great club lamb producer. This ewe has the potential to produce some very nice market lambs.
