Description

Meet Crusoe, he is a barrow cross I acquired from a local breeder in Atwater, California. We got him February 16, 2020. He weighed 40 pounds and I was worried because he was so small that he wouldn't make weight, but he did. We bought Crusoe the best feed at our local feed store. I continuously adjusted his feed schedule to make sure he was healthy and growing. I also fed him Mormon's Showts, which is a dietary supplement to help him grow more muscle and be healthy. Crusoe is a good pig that I loved spending time with. I have learned a lot from this pig and he will always be one of my favorites.
