Validation Tag or Show reference# 601

County San Joaquin

City Acampo

Animal Weight (in Pounds) 249

Date of Reported Weight 06/08/2020

Description

Hi, my name is Poppy Storm and I am 13 years old and starting 8th grade in August. I have been a member of the Alpine Victor 4-H Club and raising a swine for 4 years now. This year I have a barrow (male) swine named Ash. Ash is a pure-bred Chester White and always hungry. Anytime he gets the chance he likes to eat. He eats his food, my sister's swine's food, and apples and cherries fallen from our trees. I bought Ash on my 13th birthday (happy birthday to me...) on February 23rd and he weighed 97 pounds. He weighed 244 pounds on May 23rd and will be around 279 pounds at the auction weigh-in. When I am not taking care of Ash, I enjoy weekly horseback-riding lessons, playing outdoors, reading and climbing trees. If you would choose to bid on Ash, the money raised will go towards my college education, summer camps, horseback-riding lessons and next year's 4-H project.
