Validation Tag or Show reference# 794

**County** San Joaquin

City Lodi

Animal Weight (in Pounds) 224

Date of Reported Weight 05/30/2020

## **Description**

Hi my name is Stryder Davis. I will be starting my Senior year and graduating from Lodi High School in 2021. This is my 6th year showing a swine. Previously I have showed my swine through the Alpine/Victor 4H club. Due to my ice hockey schedule this is my first year showing Independent. This year I purchased a crossbred swine from Small Town Genetics on Feb. 29, 2020. My pigs name is Oscar and I have enjoyed working with him this year. I have been feeding Oscar full feed/Associated Show 100. At the time of the auction date I estimate Oscar to weigh around 260 Lbs. The expeirence of learning about livestock and raising a swine every year has been memorable. Each swine has had a different personality and I have really gained knowledge every year about what it takes to raise and show a swine. Thank you for taking the time and bidding on my market hog. The money earned will go towards this years project expenses and a portion saved for college and hockey expenses.
