Validation Tag or Show reference# 1457

County Merced

City Atwater

Animal Weight (in Pounds) 75

Date of Reported Weight 06/01/2020

Description

My name is Hunter Birmingham and I am going to be a sophomore at Atwater High School. This is my first year showing for Atwater High School FFA. However, this is my fifth year raising a market goat. I am also involved in Trap Shooting and football at my high school. I got my market goat in March of 2020. My goat will have been kept at my house for the months of March, April, May, and June and I have taken great care of my goat. Everyday I feed and give him fresh cold water. During the evening, I walk my goat for exercise. He really enjoys them. I really want my goat to weigh between 70-110 pounds so I can cover the cost of the project and have some profit to put towards my next year's project.

Do to the Covid-19 pandemic, the Merced County Fair, where I would have shown and auctioned off my goat, has been cancelled. Over 500 4-H and FFA students, including myself, are missing out on the experience of getting to take our animals to the fair. This is deeply upsetting to everyone, as we all have put in countless hours and hard work into getting our animals ready to take to the fair.

Thank you to you and your company for your support of myself and Atwater High School FFA.

Thank you,
Hunter
