Validation Tag or Show reference# 1450

County Merced

City Winton

Animal Weight (in Pounds) 80

Date of Reported Weight 06/01/2020

Description

My name is Adrian and I am currently a Sophomore at Atwater High school. I am also a member of Atwater FFA. Today I am inviting you to look into my project and hopefully take my project into consideration.

I've always loved agriculture and I am very dedicated to pursue my dreams in Agriculture. I am a big fan of raising animals, and giving them a good life before they are sent to slaughter. Right now at this time there are arguments about how some people raise their animals in a horrific way and I

want to change that I want people to see that not everyone abuses their animals. I want to promote the meat industry as much as I can to help de escalate the arguments. I am fairly new to FFA. This is my first time showing for FFA and I love it, full of great people that believe in the future of Agriculture. When I signed up to raise a market goat I was ready to put all my effort in training and exercising and learn how to raise a goat. Unfortunately the 2020 Merced Fair was cancelled due to Covid-19 and I will not get the opportunity to show my goat this year, but that doesn't end everything I still was able to experience raising a goat and learning as I go and it's something I love to do!

I would like to thank you for your support as FFA students will not be able to show their animal in the show ring this year.

Quantity: 1
