Validation Tag or Show reference# 1476

County Merced

City Atwater

Animal Weight (in Pounds) 77

Date of Reported Weight 06/01/2020

Description

I am a Freshman at Atwater High school. My name is Rosalinda Becerra. I had the honor and privilege to be approved to be a goat exhibitor for the Atwater FFA 2020 school year. This is my first year as an exhibitor and I really enjoyed it. It is a lot of work but a truly amazing experience. I named my goat *Paco. Some of my responsibilities for the last four months included feeding, cleaning and exercising him. While raising and properly maintaining these lovely animals I grew my responsibility skills. I learned to be patient and caring. The FFA is a great organization that teaches big life skills like work ethics, leadership and responsibility. For the next few years in high school I plan to show if God permits me. I am very thankful for this program. Thanks to all the involved this was a project that was possible (teachers, students, parents, and sponsors). I feel mixed emotions to let Paco go, but I am sure he will be in good hands. He is a bit shy but a really good companion that likes to play tag...Lol. Unfortunately due to the Covid-19 Pandemic the

Merced Fair has been canceled, this has affected many of us. Fortunately there will be an Online Auction Livestock Sale. Which brings me down to the purpose of this letter, I would love to invite you to the Online Auction that should be held on the dates of June 11-13. This is how us the exhibitors will get donations from the dollars raised during these days. Thank you for your time and consideration, hopefully you can join us and support us at the online auction.

Sincerely,

Rosalinda Becerra
