County Merced

City Merced

Animal Weight (in Pounds) 265

Date of Reported Weight 06/07/2020

Description

My name is Riley Jeppesen, I am a 13 years old and a 7th grader at McSwain School. My hobbies include raising my 4-H animal, playing with my friends and brothers, baseball, soccer, riding my dirt bike, and I also drive a mini late model at Merced Speedway. I have participated in the 4-H program for 3 years. This year, I am again involved the Swine 4-H project for the Merced County Fair. I began my project by acquiring my swine at approximately 12 weeks old in February. My pig is a Hamp breed and his name is Clyde, his projected weight by the fair is 280 pounds. Since I purchased him I have been providing proper nutrition, housing, practicing proper sanitary guidelines and administer medications as required. My goal is to have a finished marketable animal that will meet the industry standards.

Due to Covid-19 fair week unfortunately has been cancelled. I am given the opportunity to show my project for judging and market via virtual show and the virtual livestock sale. This judging process will be quite different from my past years of showing my 4-h animals. I am asking you to consider buying a 4-H project during the auction at the Merced County Fair. The monies I receive from this sale are then applied to next year's project with the remainder of the monies going into a college fund account.

Thank you for this opportunity to introduce myself and tell you about my 2020 4-H project. Your time and attention is greatly appreciated. I look forward to your generous support.
