### **Description**

Hello my name is Emily Schallberger and I am apart of the Linden FFA chapter. My project is a Dairy Replacement Heifer and I have owned her since last year. I purchased my heifer from New Hope Dairy. My heifer's name is Cali and last year I showed her in the summer yearling class at Agfest as well as in showmanship. Her service sire is Pen-Col Marty- ET and her sire is ABS Mansur ET. Cali was bred on October 9, 2019 and she is due July 9, 2020. Her dam produces 25510 pounds of milk.

I have been raising dairy heifers for Agfest since I was in fourth grade. My family has been supporting and involved in the dairy industry for a very long time. I have grown up around dairy heifers my entire life and enjoy training them and raising them for Agfest. Thank you for your time and I really hope you will considering taking a look at my heifer.

**Quantity:** 1
