Date of Reported Weight 05/30/2020

## **Description**

I'd like to introduce you to my Berkshire pig, Charlotte. I purchased her on February 23rd from a Breeder in Elk Grove. She weighed 63 pounds then, and is projected to weigh 258 pounds when dropped off at fairgrounds. This is my second year doing 4H and raising swine. Charlotte was more challenging than my prior year pig, as she is very energetic. Walking and training her has taught me patience and determination. She has so much personality, I have had a lot of fun with her this year.
