Description

My name is Kate Brigham, and I am a Sophomore at Atwater High School. This is my second year showing a replacement dairy heifer with Atwater FFA. I have also shown goats for six years with St. Anthony's 4H club.

This year my Jersey replacement heifer, Martha, was acquired from Matos Dairy. Her expected due date is 7/10/2020. The production records from the dam of my heifer are 21,490 pounds of milk and 918 pounds of fat. I have enjoyed working with Martha and getting her ready for the fair. I am disappointed that we aren't able to show like normal at the fair this year. But, I am grateful that we are still allowed to sell through the online auction.

Thank you for viewing my project and for considering purchasing my heifer.
