**Type of Sale** Terminal - Buyer Gets Project at High Bid

### **Description**

Hello my name is Jacy Sarale and I'm apart of the Linden FFA Chapter. My project is a Dairy Replacement Heifer. This is my first year in both FFA and raising an animal to sell. My heifer's name is Oakley and I purchased her from Wagner Dairy in Escalon! I got Oakley in early February and have worked very hard with her since. She requires a lot of time and effort! I have spent countless hours working with and caring for Oakley preparing her for this year's virtual sale. These past few months she has adapted to the enviornment and people around her. She has grown so much since the first day I got her. Oakley's service sire is S-S-I Trump Barron-ET and her sire is OCD King Boy Rambo-ET. Her dam produces 35760 pounds of milk. Oakley is the Reserve Champion throughout the Replacement Heifers in the FFA show. I look forward to seeing what this year's virtual sale has to bring. Thank you for your time and considering the purchase of my heifer.

**Quantity:** 1
