### **Description**

Hello, my name is Tiffany Teran. This is my second year showing goats for Agfest. This is my first year in FFA, and I plan to be in FFA all of high school. I have been in two previous years of 4-H. I have just graduated from 8th grade with honors. Next year I will be going to Linden High School. My goats name is Chapo. He is a wide based whether. I have learned a lot of good and useful life skills from my goat project, such as being responsible and being determined. The money I receive from my goat will be going towards my college savings account. I appreciate any contributions towards my project. You can make many different dishes with goat, such as goat tacos. I hope you find creative and fun dishes with goat!

**Quantity:** 1
