Description

My name is Caleb and this is my first year at the fair. Although I did not get to participate in the live fair, I still learned a lot from my project. My animal is a cross bred barrow from Small Tow Genetics. I brought him home in February and began free feeding him, but he put on weight so fast I had to switch to weighing his food twice a day. This turned out to be the best time to walk him as he was very happy after a meal. I also spent a lot of time watering him down and cleaning up. After everything I learned this year, I am really looking forward to continuing in 4H and showing next year.
