**Description**

Hailey Duarte, a junior at Los Banos High School.

Growing up on a ranch at a young age sparked my interest and love for animals and agriculture. At the age of 9 years old I joined the local 4-H Club starting my first year with rabbits, my love for the fairs and the showing experiences only grew, that following year I started raising and showing swine. That followed me into high school where I've been

involved in the Los Banos FFA program for the past three years showing swine and rabbits, participating on judging teams, and receiving my State Degree. This organization has helped me build leadership skills, work ethic and learn the meaning of teamwork.

This year for the Merced County Fair, I have raised a cross bred market guilt named Cali. I have been preparing Cali by feeding her a proper nutritional diet, exercising and training her daily. Unfortunately, I will not be able to show her at the fair this year. However, I am very proud of Cali and all of my hard work that I have put into her. I am very grateful for the opportunity to still be able to present her through the virtual online auction, thank you and stay safe.
