Validation Tag or Show reference# 687

County SAN JOAQUIN

City Stockton

Animal Weight (in Pounds) 235

Date of Reported Weight 06/08/2020

Description

Dear AgFest Supporter,

My name is Gillian Vaccarezza and I am a part of Linden-Peters 4-H swine group. I am in 9th grade and currently attend Benjamin Holt High School. I play volleyball and enjoy traveling and spending time with family. This is my 6th year in 4-H and my 5th year raising a pig.

In February, I purchased my hog from Golden State Genetics. This year I raised a male hampshire hog. He enjoys sleeping, eating, and playing in the water. He currently weighs 210 lbs and is on track to weigh 250 lbs for AgFest. This year I have followed a feeding program that has worked out perfectly for my hog. He eats a prescribed amount twice a day and has been steadily gaining weight in preparation for the AgFest sale.

He is a good looking hog with a solid stance and even structure. He is lean across the top of his body and has a nice long body which makes for a goodham. His front legs are square with his shoulders providing him with a good foot set. He has a nice wide chest that is uniform in width from front to back. His rump is long and level with a high tail setting. All of these features make him a quality hog. He has been a steady gainer and should make for high quality meat. I hope you enjoy this tasty treat!
