First Name Molly

Last Name Akers

FFA Chapter or 4H Club Name Merced River 4-H

Validation Tag or Show reference# 1574

County Merced

City Winton

Description

Hi! My name is Molly Akers. I am nine years old and I am a 4th grader at Washington Elementary School.

I am a member of the Merced River 4-H Club. This is my first year raising and showing a meat goat and also my first year in 4-H. I've wanted to show goats since I was little because I've watched my sisters and brother show goats and it looked like a lot of fun. My goats name is Moira, she is stronger and bigger than me but I've learned how to handle her even though I'm small. I have been working with Moira since we brought her home in February and still work with her in quarantine. Her favorite thing is when we take walks through the orchard.

Raising Moira has taught me alot about the responsibility of raising an animal. I have also learned the different parts of a goat like they have 4 stomach compartments. Being in a 4-H group has given me the chance to make new friends and learn more about agriculture.
