### **Description**

Meet "Chris P. Bacon." He is a Hampshire barrow from Triangle L Farms in Ripon. I picked him up on February 2nd 2020 and brought him home to start my first 4-H project. Through out the winter and spring I kept him warm and fed. I worked with him on a daily basis so that he would be used to being around people and handled. As the temperature warmed he was able to leave his favorite mud hole and go for a walk. He likes to stay cool in the shade with fans and misters on very hot days. His favorite things are mud, food, and getting brushed. I learned that sometimes pigs can fight with each other just like I do with my brothers. It has been a tough year but I really worked hard to learn as much as I could about my project. The money I raise this year will go toward paying off my 4-H loan and to next years project. Thank you for your consideration.
