Description

Hello there! My name is Kailey Akers and my market goats name is David. This is my fifth and final year showing with the El Capitan - Merced FFA Chapter. I am 18 years old and just finished my freshman year at Merced College.

For my last year being able to show with FFA I planned to show a dairy replacement heifer, registered dairy replacement heifer, market goat, and multiple breeding does -- but unfortunately due to COVID-19, I will only be able to sell my market goat through this virtual platform. Even with the uncertainty of not knowing if there would be a show or sale, I continued to work with my market goat. I was a little upset that I wouldn't get to step into the show ring one last time with my blue corduroy jacket, but I knew I couldn't give up on a project I had already invested a good amount of money and time in. I have learned a lot from my experiences with the 4-H and FFA organizations that I will forever hold onto and

continue to use in my everyday life. With raising a variety of livestock throughout the years I have learned some very important aspects such as the responsibility of raising livestock, feed management, record/budget keeping, and how to adapt to obstacles thrown at us during the process.
