Description

Please meet Miss Sassy, a gilt from Triangle L farms in Ripon CA. I brought her home on February 2nd of this year. I had to keep her warm and dry through the winter and early spring. During late spring and early summer we kept her cool with fans and misters. She loves to root around in the mud and lay in mud puddles. My favorite thing to do with Sassy is to walk her in the pasture. Her favorite thing to do is to lay down in the mud and have the misters blowing on her. During the year I learned that pigs dont sweat and need help staying cool. I also learned that pigs can gain weight very quickly. At the last weigh in I learned they are sometimes shy of new things around them. I am hoping to use the proceeds from this year's sale to pay off my loan and help get started with my project next year. Thank you for your consideration.
