**Validation Tag or Show reference#** 1582

**County** Merced

**City** Gustine

### **Description**

Hi! My name is Grant Hazan and I just finished 8th grade at Gustine Middle School. I am a member of Westside 4-H, where I am a member of the swine, sheep, goat, and leadership projects. My project for the Merced County Fair is a market goat named Cody. He is little, but mighty! He has nice expression of muscle and a feisty personality. I have really enjoyed having a goat for the first time this year.

I also have a breeding sheep project, where I own 2 wether dam ewes and was planning to show lambs from one of my ewes at May Day and Chowchilla Fairs. I am bummed that all 3 fairs were canceled this year due to COVID-19, but I still enjoyed the experience of working with my livestock projects.

Besides being in 4-H, I also served as the Gustine Middle School ASB President this year! I really enjoyed serving and leading my school and was recently awarded an ASB position for my freshman year at Gustine High School. I also really love sports! I play baseball on 2 different teams, played basketball for GMS, and began track season at

GMS before the school shutdown. I am looking forward to playing summer baseball and starting football conditioning for GHS. I am excited to join Gustine FFA in the Fall!

Even though I am disappointed that Merced Fair was canceled, I am thankful we still have the opportunity to sell at the Merced County Fair's Virtual Auction! Please consider bidding on or adding a bump bid to my goat project. I really appreciate the support!
