### **Description**

My name is Carter Moen and I am a first year member in Merced High's Future Farmers of America Organization. This year I took on the responsibility of raising a market goat. I acquired my goat in January and have worked with him for multiple hours a day while also creating feeding rations to get him to his highest potential. Since then, I have worked hard and diligently to raise my goat to the highest quality of market readiness. Although this is not the outcome I expected when first taking on this project, I appreciate the experience, memories, and friendships that I gained this year. I have obtained lots of new knowledge regarding all things goats. This year I clipped, ear tagged, and learned how different feeds and supplements effect different areas and outcomes of the animal. My goat, Tex, will be in the Merced County Online Auction if you are willing to donate, bump bid, or even purchase my animal. Thank you for your consideration!
