Validation Tag or Show reference# A1, A2, A3

County Merced

City Merced

Animal Weight (in Pounds) 10.5

Date of Reported Weight 06/08/2020

Description

I'm Anya Davidenas, and this is my 7th year in the Rabbit Project with Lancers 4-H. I'm 17 years old, and this year I was able to successfully breed my rabbit and raise my meat pen from the time they were born. Working with them every day and watching them grow was so fun. I have a meat pen of 3 Californian rabbits that I'm auctioning this year, and the proceeds are going to help with my college tuition at Merced Community College in the fall.

Quantity: 1
