Description

For my 2020 SAE project I did a market swine. She is a beautiful Duroc and weighs 270 pounds. Her name is Daisy Dukes and has the attitude to fit it. Daisy loves her mud pit, playing with her basketball, she loves visiting our cow, and loves her food a little too much. I have learned so much this year raising her such as managing her diet, how to train a Duroc, and what a Duroc is like to raise. I also saw my hard work pay off, along with many of my classmates when we received our State FFA Degree earlier this year. I am so glad I had the opportunity to raise an amazing pig.
