### **Description**

My name is Natalie Covert and I am a proud third year member of Merced FFA. At the beginning of my junior year, I was given the opportunity to graduate early. I took this opportunity with open arms and decided this was my year to go out with a bang! I acquired my wether from Eric Taylor Livestock in Iowa. As this is my third year showing and my second year as head of the breeder goat project, I have lots of knowledge of how to keep my show animals at the highest quality of market readiness. I took my knowledge of how different feeds and supplements affect different areas and outcomes of the animal and applied it to my own by creating feed rations that ultimately build muscle and an all around higher performing goat. Due to the COVID-19 pandemic, I was not given the opportunity to display my hard work at our local county fair. Although this was not the outcome that I was expecting, I appreciate the opportunity, memories, and friendships that I gained during this year. Thank you for supporting me in your consideration of my animal!
