### **Description**

Hello my name is Mia, I am 14 years old. This is my 4th year showing and let me just say this year is a little different compared to the others as you know. This year for my project I have done many things to have my lamb become the best as it can. I have kept my animal at the Ripon student farm making a trip everyday to feed. I make sure that it always has a clean pin and fresh water. I've also sheared as soon as it started to get hot and one more time thoroughly before creating my showing video. Showing my lamb this year was very fast and easy, making me miss the long week of Agfest that we have to miss out on this year. This year has been a very different experience compared to the year before but is definitely for the books.
