LOT - Kamryn Medley Wimberley FFA

First Name Kamryn

Last Name Medley

FFA Chapter or 4H Club Name Wimberley FFA

Validation Tag or Show reference# 99657

County Hays

City Wimberley

Description

Hi, my name is Kamryn Medley, I am a sophomore at Wimberley High School. FFA is my life, I have been showing animals since I was in the 6th grade, and to be honest I love a challenge. I am a chapter officer, I compete in both LDEs and CDEs, love to show finewools and decided that this year I was going to take up the challenge to show a blue lamb. His name is Lueck (Luke). Unfortunately, I did not make it to Austin due to the cancellation. I would love to make at least market price on him since I didn't get my chance at Austin. We have gone through thick and thin and you would not believe how sassy a lamb could be. We work with each other every day, with 15 minutes on the treadmill, 15 on the walker, 3 to 5 sprints back and forth to his pen and then at least 10 to 15 minutes bracing and walking by his head. He is a big-chested, deep-bodied lamb with really good muscle mass. I have learned so much with this lamb, starting with feeding proportions. Starting out he had a massive metabolism and was getting lengthy and tall, so we had to figure out the right amount to feed to slow down his metabolism and turn that tallness into muscle. Then, we had to have the right work out to go with the feeding ratio. I have also learned the best way to show him and show lambs in general. He was such an easy lamb to work with that this year I was able to work on learning how to shear correctly and blend out the legs and ears. I have also learned how to clip and trim hooves and hope that I will continue to get better in this area of my showing career. I am still open to improvement because you can never be perfect there is always something you can improve on. I have many plans for next year and use all the money that I make showing animals to go towards my next years' projects. Next year I plan on showing two pigs, a lamb, and an AG mech project. Although I am saddened by the missed opportunity to show at Austin, I am very thankful for the opportunity that you are providing with this online sale.

Thank you!
